

Dimensions

Beyond the familiar reality of the Trigate universe lies a labyrinth of dimensions, each a realm of infinite possibilities. These hidden pockets of existence, existing beside the universe, defy the laws of nature and logic. Explore ethereal planes where spirits dance among the stars, delve into chaotic realms where the very essence of reality unravels, or venture into pocket dimensions where time flows differently and the impossible becomes commonplace. The dimensions of the Trigate universe offer a glimpse into the boundless diversity of existence, where the only limit is the imagination.
